BINS

Oyster is the first wall mounted bin with pedal opening. It is really a unique and exclusive model, with a modern and elegant design. It is very easy to clean thanks to its smooth and round surface.

It has a wide opening (50 Ltrs capacity) and a very simple and safe wall fixing system.

Ideal for any environment.

The bin is wall mounted in order to make the cleaning operations easier; furthermore, it is equipped with a key locking system which guarantees, on one hand, the fixing of the bin to its support, avoiding its accidental falling down and, on the other hand, the release of the bin for the emptying and cleaning operations.

OTHERS BINS

“**Polaris Delux**” 90-litre bin with front door is the ideal bin for kitchens, restaurants, industries, communities etc. It is completely made of polypropylene, strong and round-shaped for an easy cleaning. It can be equipped with shock absorbing pistons “Hush System” for a soft closing of the cover and with several accessories, such as a multipurpose plastic basket, a paper-roll holder and several different hooks to carry small cleaning tools. Our “Polaris Delux” bin is in compliance with the HACCP rules.

The door has an opening of 250° which allows to take out and empty the bag in a practical way reducing the operator's efforts.

It is equipped with an ergonomic push-bar and plastic wheels Ø 125 mm to handle the bin better and easier.

The cover has an opening 90° which helps the operator while emptying the bin.

It is equipped with two plastic hooks to fix the bag and one cage for deodorant or disinfectant pills.

BINS FOR SEPARATE
WASTE COLLECTION

OTHERS BINS

Desy is a bin for lady's sanitary towels with a modern design, which fulfils the specific needs of hygiene. It is already assembled and packed one piece per box.

Cover opening with a peculiar design that inhibits the sight of the content and prevents the release of any odour.

It is equipped with bag-stretcher and cage for deodorant pills.

It has a particular fixing system of the cover which allows to remove it very easily and quickly, if necessary.

Thanks to the Rilsan® coated support it can be fixed on the wall.

BINS FOR LARGE AREAS

PAPER BINS

SANITARY BINS

BINS FOR SEPARATE
WASTE COLLECTION

OTHERS BINS

Pick-up bins are practical and coloured. They have been thought to make a separate waste collection in an ecological, hygienic and rational way. These bins are stackable; they have a front cover which can be fixed to the upper bin, saving space and making the waste collection operations quicker and easier. The colours and plates show the kind of rubbish contained in the bin.

Pick-up bins can be equipped with pirouetting wheels to handle and transport them easier, especially during loading and unloading.
